Registered Charity 15314

June 2011

Dear William

I would like to express my sincere thanks for the wonderful support you afford our charity.

We are delighted with the storage facility you kindly sponsor, this in fact saves us over twelve thousand euro per year.

As you know the special characteristic of The Greater Chernobyl Cause is to secure as much product and service for free, hence monies raised can go directly to our projects in the former soviet countries.

I am delighted to inform you that works at our new hospice has begun and the land is presently been excavated. The ten thousand euro you donated is been used as part sponsorship for this hospice.

We are extremely grateful for the storage facility, your monetary donations and also for the Santa Claus Project which generated more funding for our project work.

Thank you from all at The Greater Chernobyl Cause and thank you from your friends in Kazakhstan.

Yours sincerely

Fiona Corcoran
